Inventor: George J. Vlahos

Filing Date: 06-04-2002

Petition to Withdraw Abandonment

Please reinstate my application because I did not receive the rejection, dated 7.21.2003.

I looked through all my papers and I did not find the rejection.

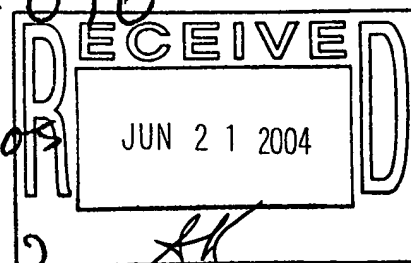

All my papers stored in a folder which my former attorney mailed to me.

With regard to item (3) since I am an independent inventor and only have (4) applications I do not have file Jacket notations, calendar notations or docket records. If I would have received the action dated 7.21.2003 I would have put in the file and call the examiner for help. Respectfully
